

# Rafael B. Estorosas Jr.

+63 9674571902 · rafael.estorosas123@gmail.com  
Cagayan de Oro, Philippines

Dependable and hardworking individual with experience in physically demanding and detail-oriented roles such as delivery riding, construction, and masonry. Skilled in hands-on labor, time management, and maintaining accuracy under pressure. Brings a strong work ethic, adaptability, and commitment to quality—traits essential for farm work such as fruit picking, sorting, and packaging. Eager to contribute to the productivity and success of Pinata Farms through reliable performance and teamwork

## EXPERIENCE

<b>Outlier AI</b> <b>Video Game Tester / QA Annotator</b>	<b>September 2024 - Present</b>
Developed and implemented a streamlined process for gathering business requirements, reducing project delivery time by 15%. Developed and implemented a standardised reporting framework, resulting in improved visibility of key performance metrics and enabling data-driven decision-making at all levels of the organisation.	
<b>Fetch Downtown CDO Rider</b> <b>Rider</b>	<b>Jan 2022 - Aug 2023</b>
Provided both ride-hailing and delivery services within the city, transporting passengers and goods safely and efficiently. Ensured excellent customer service through courteous communication, punctuality, and careful handling of deliveries. Maintained vehicle cleanliness and compliance with traffic and safety regulations at all times.	
<b>Construction Worker</b> <b>Mason</b>	<b>July 2020 - Jan 2022</b>
Worked as a construction laborer specializing in masonry tasks such as laying bricks, blocks, and concrete. Assisted in building and repairing walls, pavements, and other structures while ensuring accuracy, durability, and adherence to project specifications. Supported site operations by preparing materials, maintaining tools, and following safety protocols to ensure efficient and high-quality work.	
<b>COMELEC</b> <b>DESO Technician</b>	<b>May 2025</b>
Assisted in the setup, testing, and maintenance of Digital Election Systems (DESO) during election periods. Provided on-site technical support for vote-counting machines, verified equipment functionality, and ensured accurate data transmission.
